# TANKS

ALL SPORTSWAYS tanks feature the 3/4" opening with "O" ring seal straight thread. The only system that meets military specifications for pressure seals. (MIL-P-5514). When the tank is empty the valve can be easily removed for visual inspection without special tools. SPORTSWAYS valves have exclusive "Safety Port" that vents off pressure and provides warning, preventing accidental removal when there is pressure in the tank. All tanks galvanized, and orange exterior.
